- Introduction to financial model structures ensures consistent analysis of business scenarios.
- Scenarios using index, choose, and scenario manager enhances decision-making precision.
- Projecting financial statements including IS, BS, and CFS provides comprehensive forecasts.

Stage 2: Interview Training

Duration:
1 Month

Day Schedule:
3 Hours/ Day

01 Program Module

- **Just A Minute Sessions:** JAM (Just A Minute) sessions are dynamic training activities that improve communication and public speaking skills. Participants are challenged to speak on a given topic for one minute without hesitation or repetition. These sessions help build confidence, enhance quick thinking, and sharpen articulation, making them a valuable exercise for personal and professional development.

02 Program Module

- **Mock Interviews:** Mock interview preparation is an essential practice to enhance interview skills and boost confidence. It simulates real interview scenarios, allowing candidates to practice responding to common questions, handling pressure, and refining communication techniques. This exercise helps identify areas of improvement, providing valuable feedback to improve performance, and increase the chances of success in actual interviews.

03 Program Module

- **Presentation Activities:** Presentation activities are designed to enhance communication, public speaking, and presentation skills. Participants prepare and deliver presentations on various topics, helping them build confidence in expressing ideas clearly and engagingly. These activities focus on improving content organization, visual aids usage, body language, and voice modulation, making them crucial for professional and academic success.

04 Program Module

- **Group Discussion Preparation:** Group discussions are interactive sessions that foster effective communication, teamwork, and critical thinking. Participants engage in conversations on a specific topic, sharing perspectives and analyzing various viewpoints. These discussions help improve listening skills, articulate ideas clearly, and develop the ability to collaborate. They are essential for building confidence, leadership, and problem-solving abilities in a group setting.

05 Program Module

- **Resume Building Session:** Resume enhancement sessions focus on improving the structure, content, and overall presentation of resumes. Participants receive personalized feedback on how to highlight their skills, achievements, and experience effectively. These sessions also provide guidance on tailoring resumes to specific job roles, optimizing keywords for Applicant Tracking Systems (ATS), and creating a professional and compelling first impression.

06 Program Module

- **Mock E2E Interview Session:** End-to-end mock interview sessions simulate the entire interview process, providing a thorough preparation experience. Candidates go through each stage, from resume screening and initial interviews to technical and behavioral rounds. These mock sessions include real-time feedback on communication, problem-solving skills, and interview techniques, helping participants gain confidence and refine their responses for actual job interviews.

01 Program Module

- **Financial Markets and Instruments:** Explore diverse financial markets including primary, secondary, capital, and money markets. Understand market participants, regulators, and key financial centers. Gain hands-on experience with over-the-counter and exchange-traded securities, different share types, depository receipts, bonds, and yield calculations. Develop expertise in long and short positions, bond pricing, and market strategies.

02 Program Module

- **Investment Banking:** Delve into the world of forex with practical insights into currency quotes, trades, and foreign exchange features. Learn the role and types of investment banks, distinguishing between bulge bracket, mid-market, and boutique firms. Gain real-world experience in buy-side and sell-side business strategies, private equity, venture capital, mergers, acquisitions, and joint ventures for business growth.

03 Program Module

- **Mergers, Acquisitions, and Corporate Restructuring:** Gain live experience in handling mergers, acquisitions, joint ventures, and capital raises. Understand vertical and horizontal mergers, due diligence processes, and sell-side deal lifecycles. Practice corporate restructuring and turnaround strategies. Work on tender offers, earnouts, leveraged buyouts, and corporate spin-offs while developing comprehensive strategies for financial transformations.

04 Program Module

- **Derivatives and Risk Management:** Master derivatives including forwards, futures, options, and swaps through real-time scenarios. Learn to manage hedging and speculation, understanding call and put options, payoffs, and pricing. Gain practical experience in credit default swaps, equity, interest rate, and forex swaps. Develop strategies to manage risk effectively and optimize financial portfolios for varying market conditions.

05 Program Module

- **Financial Modelling and Valuation:** Build financial models projecting income statements, balance sheets, and cash flow statements. Work with complex scenarios using tools like scenario manager and index functions. Create detailed revenue and cost drivers across industries. Develop skills in equity, debt, working capital schedules, and perform relative valuation using multiples. Present valuation outputs through football field analysis.

06 Program Module

- **Advanced Valuation Techniques:** Apply advanced valuation techniques including DCF, NAV, and blended valuation approaches. Work with enterprise value calculations, controlling premiums, and terminal value models like Gordon Growth and Exit Multiple. Conduct mid-period valuations, sensitivity analysis, and calculate WACC using CAPM. Develop expertise in leveraging these tools to make accurate financial predictions and investment decisions.
