- Analysis and interpretation involve understanding data for actionable business insights.
- Various methods enhance accurate financial statement analysis; informed decision-making.

## Stage 2: Interview Training

Duration:  
1 Month

Day Schedule:  
3 Hours/ Day

### 01 Program Module

- **Just A Minute Sessions:** JAM (Just A Minute) sessions are dynamic training activities that improve communication and public speaking skills. Participants are challenged to speak on a given topic for one minute without hesitation or repetition. These sessions help build confidence, enhance quick thinking, and sharpen articulation, making them a valuable exercise for personal and professional development.

### 02 Program Module

- **Mock Interviews:** Mock interview preparation is an essential practice to enhance interview skills and boost confidence. It simulates real interview scenarios, allowing candidates to practice responding to common questions, handling pressure, and refining communication techniques. This exercise helps identify areas of improvement, providing valuable feedback to improve performance, and increase the chances of success in actual interviews.

### 03 Program Module

- **Presentation Activities:** Presentation activities are designed to enhance communication, public speaking, and presentation skills. Participants prepare and deliver presentations on various topics, helping them build confidence in expressing ideas clearly and engagingly. These activities focus on improving content organization, visual aids usage, body language, and voice modulation, making them crucial for professional and academic success.

**04 Program Module**

- **Group Discussion Preparation:** Group discussions are interactive sessions that foster effective communication, teamwork, and critical thinking. Participants engage in conversations on a specific topic, sharing perspectives and analyzing various viewpoints. These discussions help improve listening skills, articulate ideas clearly, and develop the ability to collaborate. They are essential for building confidence, leadership, and problem-solving abilities in a group setting.

**05 Program Module**

- **Resume Building Session:** Resume enhancement sessions focus on improving the structure, content, and overall presentation of resumes. Participants receive personalized feedback on how to highlight their skills, achievements, and experience effectively. These sessions also provide guidance on tailoring resumes to specific job roles, optimizing keywords for Applicant Tracking Systems (ATS), and creating a professional and compelling first impression.

**06 Program Module**

- **Mock E2E Interview Session:** End-to-end mock interview sessions simulate the entire interview process, providing a thorough preparation experience. Candidates go through each stage, from resume screening and initial interviews to technical and behavioral rounds. These mock sessions include real-time feedback on communication, problem-solving skills, and interview techniques, helping participants gain confidence and refine their responses for actual job interviews.

**01 Program Module**

- **Understanding Financial Markets for Business Growth:** In this experience, participants will explore the role of financial markets, including money and capital markets, in business expansion. They will assess how different market instruments support funding needs for business growth, evaluate secondary capital markets' impact on operational strategies, and develop models to understand consumer behavior's role in shaping banking products and services

**02 Program Module**

- **International Financial Management:** Learner will dive into international financial management, focusing on multinational trade systems. They will analyze how currency convertibility affects global trade, financial decisions, and cross-border investments. By simulating real-world scenarios, they will apply these concepts to assess the effects of balance of payments and capital account convertibility on international financial trade flows and business profitability.

**03 Program Module**

- **Cost Management and Management Accounting:** Strategic cost management practices, focusing on planning, control, and policy formulation. They will use management accounting techniques to organize and interpret financial information, guiding better business decisions. Participants will work through case studies to improve financial performance, cost control, and overall business profitability using management accounting principles.

#### 04 Program Module

- **Security Analysis and Portfolio Management:** Participants will simulate real-world portfolio management by applying security analysis techniques to assess market conditions and evaluate investment performance. They will learn to manage portfolios through asset selection, risk evaluation, and performance optimization. The experience will also involve understanding capital market theory to enhance investment decision-making and portfolio management

#### 05 Program Module

- **Derivatives Management:** In this practical session, participants will learn about derivatives management, including forwards, options, swaps, and futures contracts. They will apply hedging strategies using futures to mitigate market risks and protect investments from volatility. Participants will analyze how pricing theories of futures and options trading strategies can capitalize on market trends and enhance risk control measures

#### 06 Program Module

- **Financial Analysis and Reporting for Strategic Decisions:** Interpreting financial statements and using data for strategic decision-making. Participants will examine the recorded facts, conventions, and personal judgments that form the foundation of financial reporting. By analyzing profitability and performance metrics, they will gain insights into market efficiency theories, financial reporting, interpretation procedures to improve organizational transparency.
